- If staff or students need to put up postings on building walls or doors, they **must use masking tape** to secure them. **Use of any tape other than masking tape** (cellophane tape or Scotch tape, packing tape, duct tape, electrical tape, etc.) **on the building walls, doors or furniture is strictly prohibited** due to the permanent damage that these tapes do to interior surfaces. Our facility continues to receive upgrades and improvements including many newly painted surfaces. Your cooperation both encourages and supports the continued development of the QVTHS learning environment.

- The Mayor's Graduate Scholarship Program (MGSP), a DCAS program, is an opportunity for full-time New York City government employees (employed by a City agency) with undergraduate degrees to study at accredited colleges/universities in the metropolitan area. Schools fund full or partial graduate scholarships for City government employees through the Mayor's Graduate Scholarship Program. The scholarships are for employees' study, on their own, in areas such as business and public administration, policy analysis, law, education, engineering, nursing, public health, computer science, and social work.

The filing period for the 2009-10 academic year is now open. The deadline for submitting your request for scholarship to your Agency Personnel Office (to Tene Williams at 65 Court St., room 502) is **Monday, November 17, 2008**. Please be advised that award decisions are made for the academic year beginning with the fall 2009 semester. The majority of the schools award scholarships for entire course of study. If you have questions, please contact the scholarship program at (212) 669-4163. Details about the *Mayor's Graduate Scholarship Program*, including an informational event specifically for Department of Education employees, can be viewed at
